Dongguang EC Technology Co.,Ltd

16 Years of R&D in Wireless Casting Solutions

Company Profile

EC Technology is a premier high-tech enterprise seamlessly integrating R&D, design, manufacturing, and global sales. Headquartered in Guangdong—the heart of the world’s 3C electronics supply chain—we specialize in cutting-edge wireless connectivity solutions, including Wireless/Wired Miracast Dongles, Wireless Transmitters & Receivers, and Multimedia CarPlay Adapters.

Driven by innovation, EC Technology boasts a veteran team of R&D experts and operational leaders. Our independent development capabilities have birthed globally recognized brands such as "HRpart", We are committed to delivering stable, high-performance, and elegantly designed wireless peripherals that simplify the digital life of users worldwide.

Since our inception in 2011, EC Technology has maintained a trajectory of rapid growth, securing a dominant market position through technical excellence and a creator-first mindset.

OUR CORE VALUES

- Integrity: We operate with sincerity and a dedicated professional spirit.
- Reputation Above Profit: We believe a steadfast reputation is our most valuable asset.
- Quality First: Excellence in craftsmanship is the foundation of all our success.
- Innovation: We strive to be industry pioneers, not just followers.

QUALITY ASSURANCE & COMPLIANCE

Our manufacturing processes strictly adhere to ISO 9001 standards. To ensure seamless global market entry, our products carry comprehensive international certifications, including CE, FCC, RoHS, FCC-ID, REACH, EUP, PAHS, CES-003, EMC, and UL.
